To receive your credit certificate immediately for free—

Go to
www.PSYCHIATRIST.com
and complete this activity online.

Articles are selected for credit designation on the basis of the CME Institute's assessment of the needs of readers of *The Primary Care Companion*, with the purpose of providing readers with a curriculum of CME articles on a variety of topics throughout each volume. There are no prerequisites for participation in this CME activity.

To obtain credit, please study the designated articles and complete the Posttest and Registration Form.

CME Objective

After studying the article by Colibazzi et al. and the ACADEMIC HIGHLIGHTS, you should be able to:

- Identify and manage depression as part of comprehensive HIV care.
- Formulate a strategy for the management of individuals with attention-deficit/hyperactivity disorder (ADHD) in primary care.

Accreditation Statement

The CME Institute of Physicians Postgraduate Press, Inc. is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

The CME Institute of Physicians Postgraduate Press, Inc. designates this educational activity for a maximum of 2 *AMA PRA Category 1 Credit(s)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Date of Original Release/Review

This educational activity is eligible for AMA PRA Category 1 Credit through August 31, 2008. The latest review of this material was May 2006.

This pretest is designed to facilitate your study of the material.

- 1. All of the following strongly point to a diagnosis of major depression rather than a normal stress response to HIV illness *except*:**
 - a. Prominent anhedonia
 - b. Neurovegetative symptoms
 - c. Suicidal ideation
 - d. Nervousness
- 2. Individuals with ADHD commonly have other comorbid disorders such as mood, anxiety, oppositional, or conduct disorders.**
 - a. True
 - b. False

Pretest answers and Posttest on page 252.
